MATERIAL

- *Printable worksheet
- *Projector
- *Laptop
- *Youtube video: Potions Class - Harry Potter and the Half-Blood Prince

Link:

<https://www.youtube.com/watch?v=9FeX1Qs6Amk>

IMPORTANT:

The teacher gives the students some context about the video. If the students are not familiar with this character of the British autor J.K. Rowling, in the previous session as homework, you can ask them to watch the movie adaptation of Harry Potter and the Philosopher's Stone.

Interaction Pattern: in this activity the students can work in pairs or individually.

INSTRUCTIONS

- The students receive the printable worksheet.
- On the parchment side, they have to write the action verbs that appear in the video.
- Play the video 4 times.
- During the first one they have to watch only.
- In the second and third time ask them to write down the action verbs in the video. (They can appear written or just in movement)
- In the last time the teacher can ask them to exchange their worksheet with another pair or student. Pause the video every time an action verb appears and practice the pronunciation with them.
- At the end, the students can color the Hogwarts crest and paste the worksheet on their notebook.
